

Delford Doherty, Pharm.D., Ph.D., M.P.H.
Vice President of Managed Care, PersonalMed LLC

As the Vice President of Managed Care Services, Dr. Del Doherty is responsible for managing PersonalMed's managed care strategy including working directly with pharmacy benefits managers (PBMs), payors and other managed care organizations. Del brings a background in Medicare/Medicaid and other government programs through his work as a technical advisor with the Research Data Assistance Center (ResDAC), a CMS contractor. Prior to joining PersonalMed, Del was a Consultant/Lead Pharmacist of Audit and Consulting Operations at The Burchfield Group, a pharmacy benefits management consulting and auditing firm in St. Paul, MN, where he worked with large employers, brokers, third party administrators and health plans to negotiate and enforce their PBM contracts. Del received a bachelor's degree in biochemistry from Wartburg College in Waverly, IA and holds a Masters of Public Health (M.P.H.), doctorate in pharmacy (Pharm.D.) and a Ph.D. in Pharmacoeconomics from the University of Minnesota. Del is a registered pharmacist in the state of Minnesota and was a clinical pharmacist at the University of Minnesota Medical Center, and an outpatient and retail pharmacist within the Fairview Health System in Minnesota. Del also served on the faculty of The Henrietta Schmoll School of Health, St. Catherine University in St. Paul, MN as an Adjunct Associate Professor of Pharmacology.

Angela Van Dyke, BA, CPhT
Sales Manager, PersonalMed LLC

Angela Van Dyke manages business development for PersonalMed. Angela is responsible for working with various clients, including health insurance plans, pharmacy benefits managers (PBMs), payors, electronic medical record vendors and more, to identify opportunities to develop value-based clinical programs centered around customized medications. Angela has a background in sales, health and wellness promotion, as well as the pharmaceutical industry. She previously worked directly with independent pharmacy owners to help grow their clinical practice to meet the unique needs of their patients, while maintaining a successful and profitable business. She is currently working toward a Master in Health Administration from the University of Houston. Angela holds a bachelor's degree in Biology from St. Mary's University of San Antonio, TX and is a Certified Pharmacy Technician (CPhT).
