

**Sue Heineman, Pharm.D., BCPS**

Sue is a National Employer Medical Outcomes Specialist with Pfizer US Medical Affairs. Sue is based in Boise, ID and provides field-based medical support on a national basis to large employers, employer brokers and benefit consultants, coalitions, and employer professional organizations primarily located in the Western and Southern US.

Dr. Heineman joined Pfizer in September 2000 with responsibility for providing education and disease or drug therapy analytics support to practicing health care professionals, health plans, PBMs, employers, integrated delivery systems, and state medicaid. She has been active in the Nebraska and Idaho pharmacy associations and recently completed her President's term for the Idaho Society of Health-System Pharmacists. Additionally, Sue has Affiliate Faculty status with Idaho State University College of Pharmacy and volunteers as a Girl Scout co-leader.

Dr. Heineman earned her Doctor of Pharmacy from Creighton University School of Pharmacy and Allied Health Professions (Omaha, NE) and went on to complete a Pharmacy Practice Residency at the University of Minnesota Hospitals and Clinic (Minneapolis, MN). She holds the designation as a Board Certified Pharmacotherapy Specialist.
